## VALUE CUSTOMERS AND PRODUCTS

Whether ordering online or directly in the shop: packaging as a service shows appreciation towards customers and the product. Companies can stand out from the competition with beautiful packaging. Every article, every gift is different in size and shape. Therefore, different products are needed for the perfect packaging. After all, it has to be quick at the counter and wrapping should be easy.

We want to convince our customers that we are the right partner for beautiful packaging from a single source. Stewo supplies a kit in which all elements fit together, can be freely combined. We produce exclusively in Switzerland and use FSC-certified, tear-resistant raw materials to facilitate packaging at the point of sale.
